

\WinTool CNC Archive 2009 Patch (November 2009)

Affected Module

This Patch is only needed if you are using the Index Module for *WinTool CNC Archive 2009*. If you do not use this module there is no need to install the Patch.

Occurance

When wanting to create a new user in the Index Module configuration screen, you receive a message that the user cannot be inserted because there already is a user with that ID.

Installation of the Patch

Please copy the file "rctool.exe" into your *WinTool CNC Archive* Folder (typically C:\Program Files\DATOS\WinNC2009\).

The issue will automatically be resolved in newer Versions of *WinTool CNC Archive*.
